RE: Christine Gibbs
Docket Number: 5:05cr24DCB-AGN-001
Violation Report - No Court Action
Required

Dear Judge Bramlette:

The above-named offender was sentenced by Your Honor October 3, 2005, for violation of 18 U.S.C. § 641, Theft of Federal Funds. She was sentenced to five months custody of the Federal Bureau of Prisons, with three years supervised release to follow. Special conditions include participation in the home confinement program for five months, and payment of restitution in the amount of \$111,433.38. Gibbs released April 14, 2006 and began her three-year term of supervised release.

This officer confirmed through Gibbs' medical records she had surgery May 17, 2006, was diagnosed with Metastatic Adenocarcinoma, and began a regimen of radiation therapy. On July 13, 2006, this officer sent a letter to the Court requesting the condition of home confinement be held in abeyance until Gibbs' medical treatment was completed. Gibbs continues to receive radiation treatment which is incompatible with the radio frequency of the electronic monitoring device.

Additionally, Gibbs has been unable to work due to her medical condition and has made no payment toward her restitution. It is this officer's recommendation the electronic monitoring condition continue to be held in abeyance until radiation treatment is completed. This officer also recommends no action be taken on her failure to pay restitution.
